## Walking holidays

We offer guided and self-guided walking holidays.

There's much more to the Girona Pyrenees than you imagine. There's a landscape of contrasts with peaks of 3,000 metres, peaceful valleys and magical beauty spots. There's the Natural Park of the Garrotxa Volcanic Zone, with almost 40 volcanoes blanketed in greenery and Fageda den Jordà, an impressive beech forest.

## School groups

Discovering volcanic landscapes

Study trips in the heart of La Garrotxa Volcanic Zone Natural Park led by local English-speaking guides aimed at discovering the secrets of the local volcanic landscape – the largest in the Iberian Peninsula – and the impact of this protected area on the local population and landscape.

XI EUROPEAN CHARTER NETWORK MEETING  
GREECE

## Wildlife tours

Our local English-speaking guides for all visits and routes have a lot of experience and knowledge that enables them to provide an unrivalled series of natural history tours.

Butterflies, orchids, volcanoes, birdwatching... and much more! Let's discover nature with us!
